 Pendock Radius COLUMN CASINGS

Product Reference:
 PLY-SQ-350

Product Description:
 A range of radiused corner, square / rectangular enclosures, using standard components designed to enclose virtually any size of free-standing structural element. They are supplied as a number of pre-finished components fitted with assembly joints for quick and easy installation. The factory-made sections incorporate aluminium feature joints between the individual components (ref: J3) and all components are joined using assembly joints to achieve a modular and de-mountable enclosure system. The casings are secretly, mechanically fixed to a timber or metal sub-framework system fixed back to the existing structural member.

Size:
 350mm X 350mm External Dims (Main Casing);
 334mm X 334mm External Dims (Optional Recessed Feature Collar(s));
 Other sizes available on plan as required.

Length:
 Up to 3000mm in one piece as standard; casings can be 'stacked' to achieve heights over 3m.
