**Product Reference:**  
 PLY-SQ-900

**Product Description:**  
 A range of radiused corner, square / rectangular enclosures, using standard components designed to enclose virtually any size of free-standing structural element. They are supplied as a number of pre-finished components fitted with assembly joints for quick and easy installation. The factory-made sections incorporate aluminium feature joints between the individual components (ref: J3) and all components are joined using assembly joints to achieve a modular and de-mountable enclosure system. The casings are secretly, mechanically fixed to a timber or metal sub-framework system fixed back to the existing structural member.
