

P20-170

Manufacturer:

PENDOCK, Halesfield 19, Telford, Shropshire, TF7 4QT.

T: 01952 580590 **E:** sales@pendock.co.uk **W:** www.pendock.co.uk

Product Range:

Pendock Radius

Product Reference:

MDF-CL-500

Product Description:

A range of circular MDF enclosures, using standard components designed to enclose virtually any size of free-standing structural element. They are supplied as pre-finished components fitted with recessed assembly joints for quick and easy installation. The factory-made sections incorporate aluminium feature joints between the individual components (ref: J3) and all components are joined using assembly joints to achieve a modular and de-mountable enclosure system. The casings are secretly, mechanically fixed to a timber or metal sub-framework system fixed back to the existing structural member.

Size:

500mm Internal (supplied in semi circles)

Length:

Up to 3000mm in one piece as standard; casings can be 'stacked' to achieve heights over 3m.

Thickness:

9mm as standard - Recessed Feature Collars 9mm

Finish / Colour:

Paint Grade;

High Pressure Laminate (HPL);

Real Wood Veneer.

(Bespoke finishes available upon request)

Jointing:

J3 Aluminium Feature Joint (aluminium finish or PPC to any RAL Colour)

J5 Laminated Feature Joint

(Other joint options are available upon request)

Joint detail opens casing diameter by roughly 20mm.

Accessories:

(Optional - Internal Framework Components)

(Optional - Recessed Feature Collar for skirting and / or head locations - 9mm Thick)

(Optional - Removable Panels)

(Optional - Socket / Service Apertures & Patresses)

Fire classifications:

Varies depending upon preferred external surface finish
